

Statement from the AFL to 7.30. 5 March 2019

The AFL has a relationship with wagering companies that enable access to important integrity information.

Under AFL Commercial operations Guidelines, Clubs are entitled to enter into sponsorship arrangements with a wagering partner if they choose.

All 10 of the Victorian based clubs have a partnership with the Victorian Responsible Gaming Foundation, which we understand a condition of which is that clubs do not partner with wagering companies.

No club in the AFL has a current sponsorship agreement with Sportsbet.
